I used this book to teach a class of 19 students about Kwanzaa. The author did a great job explaining Kwanzaa to children at the elementary school age. Beautiful pictures too.

Seven Candles for Kwanzaa is a change from the original Cristams story. This Kwanzaa loving picture book is by Andrea Davis Pinkney. And the stunning pictures are by Brian Pinkney. This book is about you guessed it Kwanzaa. Seven Candles for Kwanzaa tells you everything from the traditions of Kwanzaa to the candles. The colorful illustrations help show what each of the candles specifically stands for and what is done on the days as they are one by one lit on the Kinara. Seven Candles for Kwanzaa gives any one who is not so sure what goes on during the Kwanzaa holiday a very in depth description of what goes on. I would think twice before spending your hard earned money on this book. In my opinion Seven Candles for Kwanzaa was about 5 pages too long. I would make sure you are really into Kwanzaa before you get this book. And if you are this is the book for you. No matter what you celebrate, it is good to be familiar with other cultures.

My family and I have celebrated Kwanzaa for 10 years and this is one of my kids favorite Kwanzaa books. It is also a simple way to introduce adults to the seven principles.

Perfect for kids.
