Customer Reviews

This book has a lot of small print and little helpful information. Purchase a different book for Facebook. There are many. I should have gone to the Bookstore to compare. Oh well, the convenience of shopping -- win some-lose some.

I gave this book as a gift to a friend. She says she was disappointed with the size of the print

(especially for a book targeted toward seniors).

I'm new at Facebook and needed a guide on how to do things with it. This has provided me with what I need. Thanks.
