Customer Reviews

American Stoneware by William C. Ketchum is a valuable book for those who collect or sell stoneware. There are not many general books on this subject so I bought it to learn about the different potteries around the country. I consider it a companion to The Pottery and Porcelain Collector's Handbook also by him, which has a useful list of the important early American potteries in the back. The format is mostly text, well written, with occasional pictures to show examples. One can use the thorough bibliography in back to find more books on the subject.

GREAT SHIPPING, ACCURATELY DESCRIBED, THANK YOU, SO MUCH.
