Everyday Object Lessons For Youth Groups

Synopsis

You may not like it that students forgot your talk on temptation, but remembered your mouse-trap object lesson but the fact remains that nothing brings a lesson to life more vividly and concretely--or wakes up a drowsy Sunday school class faster--than a good object lesson. In *Everyday Object Lessons for Youth Groups* the authors (who are youth workers and teachers of youth workers) pool their most effective 45 object lessons into a collection that's perfect for both junior and senior high youth groups. Here are no-prep and low-prep object lessons for devotionals, Sunday school lessons, talks at camps and retreats--even for sermons. Inside you'll find object lessons about-- Beauty (using a kiwi fruit) Regret (a mirror) Divine protection (sun block) Anger (Alka-Seltzer and 7-Up) The power of words (Popsicle sticks) Priorities (manure) Confession (hydrogen peroxide) Temptation (a mousetrap) The person of Jesus (keys) Conformity (Play-Doh) Endurance (bricks) --and 34 more quirky and attention-getting object lessons. Use them to open your lessons . . . to dramatize your talks . . . to close your Bible studies with a demonstration. However you use them, you have Bible references and provocative discussion-starting questions with each object lesson to help you take it in any direction you want. And with both a topical and a scriptural index, you can find the perfect object lesson fast.

Customer Reviews

I bought this in order to help bring the faith back to my church youth group. I am only 17 and I have been working a lot with my youth group. This book has helped give me some fascinating ideas about how to reach out. In reading this book I learned a lot my self. It has been a great help and I

loved it!

I PURCHASED BECAUSE IT SOUNDED LIKE IT WAS WHAT I NEEDED FOR MY CHILDREN'S MOMENTS AT CHURCH. THIS IS A GREAT RESOURCE BOOK HOWEVER IT IS GEARED TO OLDER YOUTH. MY CHILDREN ARE BETWEEN 2 AND 10 SO I USED SOME OF THE IDEAS BUT NEEDED TO MAKE THE LESSONS SIMPLER FOR THEM TO UNDERSTAND.

The ideas and discussions in this book are fun interesting and they make youth night easy I would probably have given this book five stars but I have the Kindle version and it is very hard almost impossible to navigate you can't just skip to a certain lesson you basically have to just scroll through until you find what you want other than that it was a great resource!

This is a great book that has helped me quickly put together my lesson plans along with a fun game related to each lesson. This book does not provide you with a complete lesson plan, but gives you the information you need to quickly put together your own. Very Helpful. I highly recommend this.

Short and sweet: the object lessons contained in the book can be used to great effect in many youth groups. Some you can even create a whole meeting around. The "pros": quick, easy and meaningful lessons that employ methods that we see Jesus using. The "cons": some of the lessons are not appropriate for Jr. High/Middle school age kids and could be questionable with a new group of kids as some of the lessons involve more mature themes. Overall, a great reference and useful as a part of youth group meeting or Sunday school class.

This book has a lot of great lesson ideas for teens. If you need a place to start and you're looking for a book to give you weekly lesson ideas with ordinary things, there are some great thought starters in here. I was pleasantly surprised and found a lot of material that I will use over and over. Good purchase!

I am a youth leader and was doing devotions on my own. Recently I have found that youth seem to remember something that is visual and entertaining rather than just the words that came from my mouth. This book has proven to be very useful. Speaking of visual entertaining. Check out these messages I have made with my youth. Feel free to show them to your youth groups... [...]

I purchased this book to add dynamic elements to my sermons and break up the talking head syndrome. What I love about this book is that it also teaches on the power and purpose of object lessons. I love the Biblical examples of how God used object lessons to communicate a principle. I will definitely be implementing these lessons into my teaching and using these as a springboard to create others!
