Customer Reviews

A great book for ANY Beanie Baby collector, young or old. Has individual photos, as well as great pictures of all 24 Newly Relaeased Beanies. Has future prices, and many many columns about Beanie Babies.... A MUST HAVE for any beginner or serious collector!!

This is a great book for Beanie Baby collectors because it has tons of info on counterfeits, tag generations, beanie news, and much more. It also has pictures of every single Beanie Baby including the new ones.

This is a great book for anyone who is serious about beanies, or just starting to collect. It has beanie news, tag info, top 10 most valuable, all of the new '99 releases like Kicks, Tiny, and Luke, a list of the '99 retirements, sections for each beanie that tells price, info, and poem, all of the sports premotion beanies, sections for all of the buddies, teenie beanies, secondary market info and tips, info on all of the beanie changes (ie: Sparky to Dotty, Royal Blue Peanut to Light Blue Peanut, etc.)

counterfeit info, and a checklist. An excellent book!

This book is one of the main reasons my 3 daughters and I began collecting beanies. We did not know where to start in our search. This book made it so simple and enjoyable that we have become avid collectors and enjoy working together as a group. My daughters are 10, 8, and 6, thanks for giving us the ability to have a project together that we can enjoy. We never would have known what to do without this book. Even my 18 month old loves the pictures in this book and will cry if we take it away from him. It is teaching him his animals. See, this book has a multipurpose use!!!

This book has pictures of Beanie Babies, tag variations, and so forth but does not do anything for a serious collector that a monthly beanie baby magazine doesn't do. Seldom goes into any detail or depth. Beanie Baby collectors are better served elsewhere.

Purchase went very smoothly! Very happy.
