I'm amazed by all the wonderful list of canning recipes in the book that gives the gift of good health. It's all about taking steps and experimenting. I'm just afraid to mess up but still I'm going to try some of the recipes. The author of this book always have such great ideas about how to prepare the basics of canning & preserving with these amazingly simple canning recipes. Overall, a good list of recipes with straight-forward instructions is a great start. Would recommend it to anyone here!

I didn't like that many of the recipes used canned ingredients (like tomato paste). I'm canning to get away from processed food so adding them to my home canning just doesn't make sense.

Good little recipes. I'm very interested in the canned mushrooms and the garlic green beans. They look delicious and fun.

Lots of good info. I'm just learning to can and need all the help I can get!
