Customer Reviews

When I first began reading, I skimmed through the table of contents to get a better idea of which recipes I'd definitely like to try immediately. I have a house of 5 people, myself, my husband, our 2 young children, plus my disabled brother in law, and with the chaos, slow cooked meals are great on my sanity and stress levels. :)At the end of the table of contents, there is a link for the Top Rated

Slow Cookers, which takes you to the end of the book, and lists 5 slow cookers, and lists their prices and features. I may be saving up my money to invest in a new slow cooker after this. I especially liked the 5 Bright Ideas Section, where I found a few helpful tips that I had never known. I normally just throw a bunch of stuff in my crock pot and let it go. Little did I know that these tips help me save cooking time, prep time and helping my food taste so much better. I'm definitely going to apply these in my slow cooker recipes from now on. The thing I love about these recipe eBooks, is that I can simply click on something in the table of contents and it takes me there in a flash, unlike printed cookbooks, which take up more space on the counter, and the pages get dirty with greasy fingerprints when turning the pages in the middle of cooking. I'm also able to do a quick web search on any terms/words that I am not familiar with in a recipe. LOVE IT! Most of these recipes feed anywhere between 4-8 people. Most of these recipes I would cut in half, as my young children and I eat like birds, where the guys eat a bit more. Either way, it'll work out perfectly. For the purpose of this review, I will share my experience with Recipe 34. Mom's Best Meaty Lasagna.
