Many new and innovative ideas using glass, tiles, broken dishes, and other items. There are numerous step-by-step directions. I am anxious to try a bowl for a fountain.

A beautiful book with lots of projects suitable for the beginner as well as the advanced crafts person. Beautiful color photos of all projects.

I want to make them all but thought I will start with the house numbers and then try the birdbath. This is the perfect book for what I was looking for. Not only for myself but also as gifts. Very clear instructions and pictures are beautiful.

Just like backyard mosaics this wonderful book is very easy to read and comprehend. My granddaughter and I sit outside every day to work on different projects. She is only 5 and yet enjoys this as much as I do.....

My mosaic days are in the early stages and this book made me more brave about trying new projects. Right now, I'm working on a bird bath and, with the helpful information, it is turning out lovely. As a beginner, this book is perfect!
