ISBN-13: 978-0873419338

Product Dimensions: 11 x 8.5 x 1.2 inches

Shipping Weight: 3.1 pounds

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (12 customer reviews)

Best Sellers Rank: #1,312,265 in Books (See Top 100 in Books) #130 in [Books > Reference > Writing, Research & Publishing Guides > Publishing & Books > Bibliographies & Indexes > History](#) #219 in [Books > Engineering & Transportation > Automotive > Buyers' Guides](#) #281 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Transportation](#)

Customer Reviews

While I found a few minor errors in some of the model information, I have to give this book a good review. All the makers are there including manufacturers that I had never heard of. There are hours of excellent browsing of the little guys as well as pages of excellent, and usable, information on the big names. My only major complaint with the book is that I am not happy with the paperback format. I would like a book that holds up a little better. Otherwise...Excellent reference work. And fun too!

There are not many reference books on light-duty trucks out there, and this is an excellent one for someone researching a certain vehicle. It fits what I was looking for.

For vehicles with scant data out there, I imagine this is an invaluable reference. For vehicles that have achieved some popularity (let's say 67-72 GM trucks, for example) there's far more data elsewhere and free on the Internet. Also, I found a number of errors in the sections where I knew

something about the vehicle in question, so am not sure how reliable the information is on the ones that I wouldn't be able to spot an error!

A very useful book in identifying pickups of all sorts. And also a great book to just browse through.

There are mistakes in this book, an example would be the 1972 Dodge Truck which introduced a new line that year. Overall there is good information but I think it needs better editing

Bought this for my husband and he has spent many hours reading it has good write ups of the Trucks etc. This will get him more interested and wanting a Truck of his own some day.
