Customer Reviews

I was tired of making the standard stained glass pieces and decided to try my hand at frames. I found these patterns to be easy and had fun making them. I have used them both in my home and as gifts. I definitely recommend this book of patterns.

got this book for a gift but my mom loves it-she will be able to do a lot of projects with this-came very fast!

Thought there would be some written explanations but just patterns.....

Good plans to build your frames. You can make copies of the information in this book to make more than one frame that you like.
